1. To apply for a specific sponsorship level or package, sponsors must provide the following information as part of their sponsorship application:
  - a. Sponsor must include their organization's sustainability pledge and outline how participating in the Summit will advance their organization's pledge or sustainability efforts, or a link to their website where this information is listed.
  - b. Sponsor must include the name of their organization and a link to their website.
2. Sponsorship applications should be submitted through the registration platform by Friday, April 7, 2023.
3. All potential sponsors must be AIM for Climate partners, which can be completed on our [AIM for Climate website](#), and registered to attend the Summit.
4. An individual organization can sponsor at most two sponsorship levels or packages. Organizations can also partner to jointly sponsor specific levels or packages.
5. The cost of individual sponsorship packages listed under Additional Opportunities may increase depending on the sponsor's preferences.
6. The Summit is committed to reducing its environmental footprint. Sponsors are asked to distribute information using QR codes and flash drives instead of paper handouts and to avoid promotional "swag" items.
7. The Summit organizers reserve the right to adjust sponsorship opportunities to accommodate the schedules of VIPs and VVIPs who plan to attend the Summit.
